1. The vision statement is used as a decision-making framework for board and staff.
2. All strategic decisions of the board need to support the vision statement.
3. The vision statement is developed by the board as part of the strategic planning cycle.
4. The Port Colborne Public Library's vision statement must:
 - a) be futuristic, in that it describes what is not yet true
 - b) convey a picture of a desirable future
 - c) be easily understood by people both inside and outside of the library
